

## Product Range Information

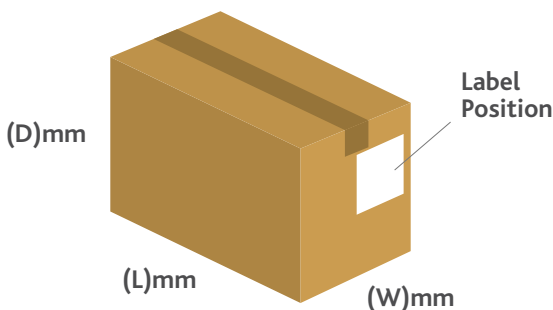

POD is a range of 'print on demand' presentation products that can be easily branded by inserting printed paper sheets to produce professional looking personalised materials quickly and easily.

POD is ideal for:

- \*Business events
- \*Exhibitions
- \*Promotions
- \*Marketing activities
- \*Document storage

This document contains information on each product in the range and should be used as a resource to assist when ordering POD items and generating artwork for the printed inserts.

Note: all transit carton dimensions and label positions are as indicated:

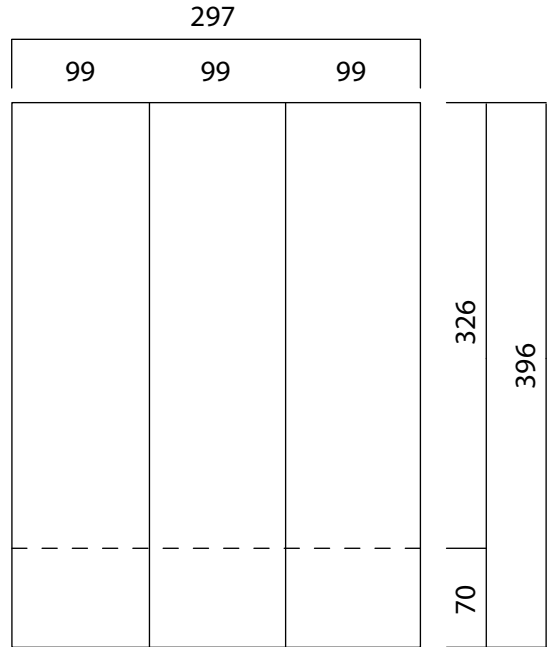

For stock identification each product is discretely printed with a reference code and the generic POD identity. In addition a location has been included for the application of a 12mm printed sticker. This enables resellers to add their own brand to the products if required.

For further information on the range including images, movies and downloadable templates please go to

[www.ThePodRange.co.uk](http://www.ThePodRange.co.uk)
